Work Report Summary

Date Submitted: 29th May, 2019

Name: Sahas Agarwal

Subsystem: Coding

Project Progress:

➢ Read basic SLAM theory and documentation.

➢ Reading Introduction to Autonomous Mobile Robots by Siegwart

➢ Revised and proceeded with Machine Learning course by Andrew NG

Deadlines:

I have a friend in FormulaManipal who has worked on the same topic and has a lot of idea about resources, courses and other material. He has agreed to guide me on this topic. Now he is returning on the day after tomorrow. I will start working on the majority of the tasks then. I'll also set deadlines after I have talked to him once too. But the project will be completed by the end of the summer vacations.
